**Re:** People's transportation Plan 90-Day Report  
4<sup>th</sup> Quarter Fiscal Year 2010-2011

---

Pursuant to Ordinance 02-117, it is my pleasure to provide you with the "90-Day Report" on the implementation of the People's Transportation Plan (PTP), as prepared by the Citizens' Independent Transportation Trust (CITT). This report encompasses the period from July 1, 2011 – September 30, 2011 and includes Public Works and Transit activities, and actions taken by the CITT during this reporting period.

The CITT is pleased with the improvements in the process and procedures that have facilitated the expeditious approval of contracts this past period and have in turn facilitated the prompt implementation of the PTP. We look forward to continuing to work with the Board of County Commissioners, County administration, and staff in this very important endeavor.

## People's Transportation Plan Ninety Day Report FY 2010-2011: Fourth Quarter

### Overview

This report is presented by the Citizens' Independent Transportation Trust (Transportation Trust) with information pertaining to its oversight of the expenditure of proceeds of the Charter County Transportation Surtax Funds and implementation of the People's Transportation Plan (PTP) for the period July 1, 2011 – September 30, 2011.

The Transportation Trust works closely with members of the Board of County Commissioners (BCC), the County administration, staff at Miami-Dade Transit (MDT), the Public Works Department (PWD) and officials in the municipalities to insure that PTP funds are spent in the approved manner.

Significant improvements have been made to Miami-Dade County's public transit and roadway systems because of the PTP. Seniors receive free rides on transit through the Golden Passport program which was expanded following passage of the PTP to incorporate Social Security recipients and honorably discharged veterans. The PTP also discontinued fares for Metromover users, enhancing patron convenience while reducing maintenance and operating costs.

New transit buses, many of which are eco-friendly hybrid vehicles, have been added to the fleet and Metromover cars have been purchased and are in operation. The procurement of the new Metrorail fleet of vehicles is proceeding with delivery targeted for completion in 2019.

Thanks to the PTP, the Easy Card Automated Fare Collection System has been implemented featuring user-friendly customer convenience and enhanced ridership data collection for improved service planning. More than 300 miles of roads have been improved and the countywide traffic signalization system is being upgraded with the Automated Traffic Management System (ATMS). The AirportLink Metrorail extension to the airport, the signature project of the PTP, is under construction and scheduled for completion in 2012 and municipal bus circulator systems supported by the PTP are successfully operating in twenty-two (22) of the participating municipalities.

In addition, the PTP has funded more than 1,000 modern revenue-generating bus shelters that are now installed in unincorporated Miami-Dade County along with bus stops featuring upgraded signage. Drivers can enjoy greater mobility using the reversible flow lanes constructed along NW 199th Street near Sun Life Stadium. The Transportation Trust approved PTP funds to acquire the 14 acre parcel at NW 27th Avenue and NW 199th Street, which is strategic and necessary for short, mid and long term public transit use and implementation of Enhanced Bus Service which began with the Kendall Cruiser and is expanding to other priority corridors.

Listings of previous and life-to-date accomplishments and other information on the Transportation Trust and the PTP are available at [miamidade.gov/citt](http://miamidade.gov/citt).

## Major Accomplishments During the Quarter

The programs and projects funded by the People's Transportation Plan (PTP) realized a number of major accomplishments during the quarter. These include:

- **Transportation Trust Service Mark Recieves and Update:** The Transportation Trust Service Mark was redesigned during the quarter to reflect more up to date image of the types of projects being funded by the Surtax. This service mark will be used in all publications, advertisements and signage representing the Trust and the PTP.

- **PTP Five Year Implementation Plan Approved by the Board of County Commissioners:**

The Board of County Commissioners approved the PTP Five Year Implementation Plan at its July 7th meeting. The 200-page Plan presenting summary status tables, detailed project descriptions, and several attachments, is available for viewing at [www.miamidade.com/citt](http://www.miamidade.com/citt) along with overview information such as a presentation highlighting PTP accomplishments.

- **Transportation Trust Enhances Financial Analytical Resources:** The CITT approved an Interlocal Agreement with Florida International University (FIU) securing its services to provide public transportation research and technical assistance. This Agreement with FIU is focused on unique capabilities to support the Trust's strategic financial imperatives for advancing transit in Miami-Dade County. Some anticipated general tasks under the two-year contract, valued up to \$100,000 annually, include development of transit data sources, analysis of transit cost and efficiency, as well as operational performance measurement and management. FIU's Lehman Center for Transportation Research and its Metropolitan Center will be the primary providers for these research and analysis services.

- **Transportation Trust Executive Director Interviewed on Miami-Dade TV:** Charles Scurr, Executive Director of the Transportation Trust, was interviewed on the Miami-Dade TV show "County Connection" discussing the People's Transportation Plan Five Year Implementation Plan.

Charles Scurr on the set of "County Connection" with show host Kevin Wynn

- **Transportation Trust Debuts AirportLink Video:** Production was completed on the video documenting the progress on construction of the AirportLink project, the Metrorail link to Miami International Airport.

This video documents the initial stages of the project from the enactment of the Surtax, which provided the bulk of the funding for AirportLink, to fifty-percent completion of the Metrorail guideway and station. A second phase of the AirportLink video is currently being filmed and it documents the progress of the project through final construction, rail testing and opening of revenue service in 2012. The video can be viewed at [www.miamidade.gov/citt](http://www.miamidade.gov/citt).

- **Transportation Trust Chairperson Presents Military Person of the Year Award:** Transportation Trust Chairperson, Hon. Linda Zilber, and staff participated in the Greater Miami Chamber of Commerce Military Person of the Year awards ceremony, presenting the award to a local United States Marine Corps officer, Sergeant Jose Valle, for outstanding service to the military and the community.

L-R: Charles Scurr, Hon. Linda Zilber, Staff Sergeant Jose Valle

This annual event is sponsored by the Greater Miami Chamber of Commerce to honor the military and it also provides the Trust the opportunity to highlight and educate the community on the Surtax-funded Patriot Passport program.

- **Transportation Trust Supports Safe Routes to School:** The Transportation Trust passed a resolution approving an agreement between the Florida Department of Transportation and Miami-Dade County to provide Surtax funds for the Safe Routes to School program. This program is designed to make it safer, easier and more fun for children in grades K through 8, to walk or bicycle to and from school.

## Contracts Approved by the Transportation Trust During the 4th Quarter

A major responsibility of the Transportation Trust is to review contracts requesting Transportation Surtax funding for projects listed in the People's Transportation Plan (PTP). These contracts are initiated by Miami-Dade Transit and Miami-Dade Public Works Department and are reviewed by the staff at the Office of the Citizens' Independent Transportation Trust (OCITT) before they are voted on by the Trust.

## Miami-Dade Transit Update

Miami-Dade Transit (MDT) is responsible for implementing all transit improvements listed in the People's Transportation Plan (PTP) including Metrobus, Metrorail and Metromover projects as well as Special Transportation Service (STS) and the Golden Passport/Patriot Passport Program.

Miami-Dade Transit (MDT) reports the following activities related to PTP projects during this quarter:

- **Metrobus:** The active bus fleet as of this quarter consists of 710 40-foot buses, 25 62-foot articulated buses, 12 45-foot over-the-road buses, and 75 30-foot minibuses for a total of 822 active buses. This is an increase of 117 buses since the PTP was enacted. Also not included in the active fleet are 6 retired buses that form MDT's Contingency Fleet.
- **PTP Staff:** MDT hired ten (10) full-time employees during the period covering July 1, 2011 through September 30, 2011. The total number of new hires Since the PTP was enacted is 1,973.

NOTE: Due to budgetary challenges experienced for the last several fiscal years, MDT has not hired many external candidates. However, MDT has recruited internal candidates, as approved by the County Manager and the Office of Strategic and Business Management (OSBM).

- **Golden Passport/Patriot Passport Programs:** During this quarter, MDT issued 2,139 Over 65 years of age Golden Passport cards, 1,490 Under 65 years of age Golden Passport cards and 172 Patriot Passport cards. Currently, there are 198,042 certified Golden Passport/Patriot Passport customer accounts; this includes 142,420 Golden Passport Over 65 years of age, 48,148 Golden Passport Under 65 years of age and 7,474 Patriot Passport customers.

- **DBE Numbers:** MDT monitors the status of the Charter County Transportation System Surtax-funded contracts which include Federal funding. To date, MDT reports six (6) Prime Contractors and forty-three (43) Subcontractors that are subject to Disadvantaged Business Enterprises (DBE) compliance measures.

CONTRACTORS	TOTAL	CONTRACT VALUE
Prime Contractors	6	\$397,198,746
Subcontractors	43	\$30,699,772

## Miami-Dade Public Works and Waste Management Department Update

The Miami-Dade Public Works Department and Waste Management (PWWM) is responsible for developing and implementing PTP funded roadway projects including paving, traffic signals, signage, bike paths, lighting, drainage, curb cuts and guard rails. PWWM reports the following activities related to PTP projects during this quarter:

ATMS Control Room

- **Advanced Traffic Management System (ATMS):** PWWM continues upgrading and transferring signals onto the new ATMS system. As of September 30, 2011 out of 2708 Signalized Intersections, 2702 (99%) are running on ATMS software and 26398 (97%) are online to the Traffic Control Center.

- The PWWM continues to coordinate with County Commissioners' Offices the Neighborhood Improvement Projects, such as resurfacing, sidewalks, ADA sidewalks, drainage, guardrails, striping, traffic signals, and traffic calming. One Hundred One (101) PTP open construction contracts for the Neighborhood Improvements (totaling \$85.6 million) have been approved by the CITT and BCC.
- In an effort to accelerate many neighborhood projects, PWWM continues to take advantage of various contracting mechanisms, such as the Miscellaneous Contracting processes available under CICC contracts 7360 and 7040.
- Since the inception of the program, internally illuminated street name signs have been installed at 1854 intersections throughout the County; this includes 178 intersection funded through the American Recovery and Reinvestment Act (ARRA). With the exception of approximately 22 intersections, it is anticipated that PWWM will have completed the installation of internally illuminated street name signs at all signalized eligible intersections (excludes spanwire and substandard traffic signal support systems and those specific locations identified by Municipalities for exclusion). The aforementioned exception of 22 intersections is a result of a contractor's default on one of the recently awarded installation contracts. PWWM will attempt to complete these remaining intersections using in-house crews.

## **PTP Municipal Update**

Twenty percent (20%) of annual Surtax proceeds are allocated to the thirty-one municipalities eligible to receive PTP funds; each entity receives a pro rata share based on population. The participating municipalities use Surtax funds to develop or enhance local transit and transportation systems and received \$298,603,925 in Surtax funds during the fourth quarter.

## **Transportation Trust Board and Staff Updates**

The Transportation Trust meets on a regular basis to fulfill its responsibility to “monitor, oversee, review, audit and investigate” the implementation of the PTP.

- **Transportation Trust Meetings** – The Transportation Trust met three times during the 4th quarter and the subcommittees held three meetings to consider and act on contracts and reports related to the PTP.
- **Transportation Trust Conducts Workshop On MDT Pro Forma** – The CITT Strategic & Financial Planning Committee convened a special meeting to conduct an in-depth review the most recently updated MDT Pro Forma. This critical forward-looking financial document looks at long term expenses and revenues projected to be available to MDT. The workshop included an overview of key assumptions in the draft FY2011-12 document, along with a presentation by the Trust’s in-house financial consultant, Infrastructure Management Group (IMG), on key findings from its modeling and sensitivity analysis. The Pro Forma reviews and discussions are part of the ongoing monitoring and oversight of Surtax funds by the Trust that will help ensure continued viability of the PTP by remaining focused on potential financial issues and challenges.
- **Transportation Trust Brochure Updated** – The CITT brochure was revised during the quarter presenting an updated image of the many beneficial projects that the Trust has approved PTP funding for. The brochure will be distributed at outreach events regarding the Trust and the PTP.

*Trust Brochure*

- The Trust will continue to monitor and report the status of County contracts with compliance measures pertaining to opportunities generated by the PTP. Staff from the Miami-Dade Department of Small Business Development attend and participate at CITT committee meetings.
- Transportation Trust staff continues to coordinate a comprehensive public outreach program which includes participation in community outreach events, publication of the informational newsletter and updating the CITT web page to insure all information is relevant and current.

## PTP Finance

During the quarter, the Office of the Citizens' Independent Transportation Trust received \$46,342,369 in Surtax proceeds, and transferred \$9,407,332 to eligible municipalities as part of the established municipal share during the quarter. Cumulative distributions to date include:

CUMULATIVE TO DATE FY 2010-2011: 4th Quarter

**Public Works Department (continued)**

**Advanced Traffic Management System (ATMS):**

PWD continues upgrading and transferring signals onto the new ATMS system. As of March 31, 2011 out of 2708 Signalized Intersections, 2638 (97%) are running on ATMS software and 2401 (89%) are online to the Traffic Control Center.

The PWD continues to coordinate with County Commissioners' Offices the Neighborhood Improvement Projects, such as resurfacing, sidewalks, ADA sidewalks, ADA sidewalks, drainage, guardrails, striping, traffic signals, and traffic calming. Eighty Four (84) PTP open construction contracts for the Neighborhood Improvements (totaling \$75.2 million) have been approved by the CIIT and BCC.

In an effort to accelerate many neighborhood projects, PWD continues to take advantage of various contracting mechanisms, such as the Miscellaneous Contracting processes available under CICC contracts 7360 and 7040.

Since the inception of the program, PWD has installed illuminated street name signs at 1530 intersections throughout the County; this includes 41 (ARRA) installed this past fiscal year. New contracts funded by ARRA and PTP are in the process of being awarded.
